TOWN COUNCIL
February 9, 1993

M I N U T E S

The Town Council met at its regular monthly meeting February 9, 1993, at Town Hall, Rockford, Alabama. Meeting was called to order by Mayor Wayne Windsor. Members present were Bill Ellison, Fay McClenny, Doris Culver, and Fred Sneed. Margie Lee was absent. Minutes were taken by Alice McGrady.

Visitors were welcomed and asked to state their business. Doug McConnell was present representing the Coosa County Forest Planning Committee to listen to ideas relating to Town's 47 acres north of Highway 22 behind the Old Rock Jail. He had done a report of inventory of the forest in that area and stated it contained very little quality timber. The current market, he said, was approximately $320 per acre. To clear cut the entire area would only bring approximately $15,000 and the huge rocks would serve no purpose other than for scenery.

Next visitor, Bill Crew, was representing the Coosa County Historical Society. They wanted to express opinion that the area should not be clear cut. At this point, Mayor Windsor stated that nothing had been decided on the property in question. He was aware of the numerous rumors concerning the area being clear cut, but at the present time, all that had been done was invite state planners to look at the property and give opinions as to developing this area. He has only been gathering information, not making plans to clear cut or to sell. He stated that at least two public hearings would be held before anything could or would be done. He also said that an offer of a possible land trade with adjoining property for timber on the Town's land was another possibility.

Mrs. Inez Warren said the Coosa County Historical Society only wanted one to two acres behind the Old Rock Jail. She said they had agreed that any survey expenses would be paid by the Historical Society. The PTA, she said, had agreed to help clean up the property should the Council decide in favor of letting the Coosa County Historical Society have it.

Bill Crew asked if the Town still intended to let the County build a new Health Department on this property. He was told that the offer still stood if the County wanted it.

Sharon Crew was the next visitor recoginized. Her concern was the problem of numerous pulpwood trucks parking on the streets in town. She said they are leaving behind grease, oil and other fluids and debris on the street. They also have been blocking driveways and making entry onto Highway 231 very dangerous. She stated that she had spoken with the State Highway Department Divsion One and asked about trucks parking on state right-of-way, which is 40' on either side of the highway. She was told that the city had jurisdiction in this case and it would be up

to them to pass an ordinance prohibiting this practice. Concern by several citizens was expressed relative to the Alabama Department of Environmental Management issuing fines for the soil contamination caused as a result of the trucks.

Several other citizens had also come for the same reason. Mrs. Mavis Sallas stated diesel fuel had run all the way from the Hungry Farmer to the Senior Citizens Center. At numerous times, trucks have been parked in areas used by senior citizens in front of the center and they were unable to get into the center without help as a result of it.

Mayor Windsor stated he had looked into ordinances and there was no ordinance restricting parking. He felt maybe the Town could adopt an ordinance limiting parking areas to one vehicle to one space and having no parking within 150 feet of an intersection. Also, an ordinance for no parking on state right-of-way all over town would be a possiblity. He said this would also take care of the problem of parking in front of the fire station and area infront of the health department on the corner.

Mayor Windsor is to call the State Highway Department and see what needs to be in an ordinance concerning parking and oil, grease, etc. on state right-of-way.

The Mayor relayed to the Council and public that he is to send out several letters to citizens concerning cleaning up their property. He also wanted opinions as to placing warning bumps at the 4-way stop. Council members were in agreement.

Minutes of the January 5 regular meeting and the January 12 Special meeting of the Town Council were read by Alice McGrady and were approved as read.

Financial Statements were discussed. It was noted how much the sewage plant is costing the Water Board to operate.

The J.D. Thompson well agreement was discussed. The Water Board borrowed $25,000 from the Town. They have paid back $30,384.00. The Water Board requested the Council dissolve the contract because of the added burden the Sewage Plant has placed on them. Doris Culver made a motion to declare the Water Board's obligations met and dissolve the contract. Bill Ellison seconded. All in favor.

In regard to the Town property, Doris Culver made a motion that Mayor Windsor take steps necessary to see exactly what the Coosa County Historical Society wants and bring before the Council. Bill Ellison seconded. All approved.

NLC Congressional-City Conference March 6-9 was discussed. Fay McClenny was the only interested Council Member. She took the information to discuss with her husband before deciding.

The question of Bobby Davis's property was brought up. Carl Jones stated Bobby had told him he has hired someone to tear the building down next week.

Bill Ellison asked if the police were patroling the Town more now. He stated that a neighbor had left her lights on all night and her battery was dead the next morning. He was questioning as to whether the police saw this and why they did not inform her that her lights were on. He also asked that they check on Mrs. Jettie Catchings periodically. Wayne said they were patroling more in town. He did not know if they saw the car with the lights on or not, since it may not have taken all night to run the battery down. He will check with the policemen and ask them to keep an eye out for anything unusual.

Motion to adjourn was made by Doris Culver and seconded by Bill Ellison. Meeting adjourned at 8:10 p.m.

TOWN COUNCIL MEETING
March 9, 1993

M I N U T E S

The Town Council of Rockford, Alabama, held its regular monthly meeting on Tuesday, March 9, 1993, at 7:00 p.m. at Town Hall. The meeting was called to order by Mayor Wayne Windsor. All members were present.

Visitors, Matt Freeman and David Harris, representing the East Central Alabama Solid Waste Disposal Authority, presented their proposals and information on the Subtitle D Landfill and answered questions from other visitors and the Council. They stated the landfill would cover a 400-acre area two miles north of Hanover. The landfill cells would be 10 acres each and last approximately 5 years. Testing wells would be drilled around the site and monitored for drainage contamination. Garbage would be covered daily to keep down smell and rodent problems. It would employ approximately 15 local people. The life expectancy of the site would be 30 years.

Bill Williams, Rockford's representative to East Central Alabama Solid Waste Disposal Authority, stated that the landfill would be an advantage to the community in that we would know that the garbage was environmentally taken care of and our fees for pickup would decrease. A $2.00 a ton tipping fee would be charged and Rockford would get approximately 25¢ a ton in revenues from this. It would also provide Coosa County with jobs. The Council was asked to pass a resolution supporting the Authority in its efforts to locate a landfill in Coosa County.

The next visitor was Fred Lee. He wanted a street to be opened that was proposed many years ago. He has a modular home located on property that has no right-of-way to it. Mayor Windsor told him that a municipality does not have to open a proposed street. Mr. Lee would have to have the street opened and if he wanted the Town to maintain the street, he would have to ask the Council to accept it as a city street and deed it to the Town. He said he was told he could not get water to the trailer until he had a street. Mayor Windsor told him that getting water to the house should be no problem. He confirmed this by asking two of the Gas, Water & Sewer Board members, Bill Crew and Catherline Slater, who were present as visitors. They agreed.

Bill Williams asked that he be allowed to give a preliminary report on the town property behind the old rock jail. He stated that as it stands now, the Town has about 16½ acrews out of 47 that are usable for development in that they have no restrictions or limitations.

Mayor Windsor asked if there were any more visitors who had any business with the Council and was told they were only here to observe.

Minutes from the last meeting were read by Alice McGrady and were approved as read. Financial Statements were reviewed.

A Resolution on the Landfill was brought before the Council for their approval. Doris Culver made a motion to accept the resolution; Fred Sneed seconded. Members in favor were Margie Lee, Doris Culver and Fred Sneed; Opposed were Fay McClenny and Bill Ellison.

A Resolution to apply for financial assistance through the Alabama Community Development Block Grant Program was introduced. Motion to adopt the resolution to apply for $70,000 was made by Bill Ellison and seconded by Doris Culver. All members were in favor.

Motion to pay the Revenue Commissioner $9185.34 for ad valorem taxes paid to the Town in error was made by Bill Ellison, who stipulated that it would be paid out in seven months' time. This motion died for lack of a second. Doris Culver made a motion to pay the amount owed in full. Fay McClenny seconded. Members voting yes were Doris Culver, Fay McClenny, Margie Lee, and Fred Sneed. Bill Ellison opposed.

Mayor Windsor explained what has been taking place concerning obtaining a parking place for the big trucks at night and on weekends. He has been negotiating with Kimberly Clark to try to lease their old woodyard for this purpose. He said that Robert Teel was the attorney for KC and things had been put on hold since his accident. He suggested that the Parking Ordinance Amendement be tabled for next month's meeting. Doris Culver made the motion to table this; Margie Lee seconded. All members in favor.

Council members were asked to fill out their State Ethics Forms and mail them in as soon as possible.

Motion to pay Alice mileage and expenses to school was made by Bill Ellison and seconded by Fay McClenny. All in favor.

The Council asked that clerk, Alice McGrady, and all visitors leave the room while they went into executive session to discuss raising Alice's salary. After some discussion, she was told by Mayor Windsor that if the Gas, Water & Sewer Board approves, her salary will be increased to $7.20 per hour.

Motion to adjourn was made by Doris Culver and seconded by Fay McClenny. Meeting adjourned at 9:05 p.m.

TOWN COUNCIL MEETING

M I N U T E S

The Rockford Town Council held its regular monthly meeting on Tuesday, May 11, 1993, at 7:00 p.m. The meeting was called to order by Mayor Wayne Windsor. All members were present.

Visitors were recognized and asked if they had any business that needed to be brought before the Council. Visitor, Robert Smith, spoke on behalf of the Volunteer Fire Department. He said the need for a tanker/pumper truck was very great. Several times, they had not had enough water to put out a fire and had not been close enough to connect to a fire hydrant. He said they had found a used truck for $8,000. They have $6,000 toward the purchase and requested the Town give them the additional $2,000 needed to purchase this truck. Fay McClenny made a motion that the funds be donated for this purpose. Bill Ellison seconded. All approved.

The minutes from the April 13 meeting were read by Alice McGrady. Correction was made to reflect the fact that Doris Culver had declined to vote on payment of an invoice for work done on the Police car. Invoice was for $313.14. Minutes were then approved.

Financial statements were reviewed. It was asked if we paid Civil Defense and Little League every month. Civil Defense is paid $25.00 per month, Little League is paid $600 per year.

The subject of delinquent business licenses was discussed. There were five businesses that were delinquent: Town & Country Beauty Shop, City Ice Company, The Holmes Company, Sylacauga Distributors, and Guaranty Pest Control. These businesses have already been sent letters concerning this. It was decided by motion made by Doris Culver and seconded by Fay McClenny that a letter be sent giving 15 days' notice for the delinquent license fee plus a 15% delinquent charge to be paid before a warrant is issued. Jo Scarbrough noted that the Holmes Company delivers ice cream to her store and that if they were issued a warrant, they would probably stop delivering to her.

Mrs. Scarbrough made mention that she would like to know how the business licenses are figured. She said she felt they were unfair. Mayor Windsor instructed the Clerk to show her how they are figured and to put her on the Agenda for next month to discuss reducing the fees.

Doris Culver asked if Lisa McEwen had contacted Glenda for the position on the Regional Library Board. Clerk is to find out.

The Gas, Water & Sewer Board has been approved by FHA to use the remaining $3800 in grant money from the Sewage Construction Account for the purchase of a dump truck for the sewer plant. Doris Culver made mention that it could also be used to haul material to fix Martha Lane, which is in bad need of repair.

The Mayor informed the Council that the new phone line and telephones have been installed at Town Hall and asked what they think should be done with the old phones. Fay McClenny made a motion they be given to Glenda and Alice, since they had expressed an interest in having them. Doris Culver seconded. All members approved.

The subject of purchasing a video camera for the Town was discussed. Doris asked Mayor Windsor if this was a want or a need. He said right now, it was a want that could be put to very good use in the Fire Department, Library, and Police Department. He reported a price of $649 for a Panasonic from Sam's and $700 for a Magnavox from Circuit City. Bill Ellison made a motion to purchase one, not to exceed $750. Motion died for lack of a second. It will be discussed again at a later date.

The Rockford Men's Club has requested they be allowed to use the backhoe to install a septic tank at the Club House. This has already been approved by the Gas, Water & Sewer Board. Bill Ellison made a motion to approve the use if either Perry Ellison or Larry Carden operate the machine and if anything should break, the Men's Club would be responsible. Fred Sneed seconded. All members approved.

Visitor, Catherline Slater, requested a key for the concession stand at the park be given to Tee-ball. All members agreed to give her a key.

Motion to adjourn was made by Bill Ellison and seconded by Doris Culver. All approved. Meeting adjourned at 8:40 p.m.

The Town Council met at its regular monthly meeting on June 8, 1993. All members were present. The meeting was called to order by Mayor Wayne Windsor. Carl Jones was present representing the Coosa County News.

Minutes from the previous meeting of May 11, 1993, were read by clerk, Alice McGrady, and were approved as read.

Motion was made by Bill Ellison and seconded by Fred Sneed to sell 1.7 acres of land behind the Old Rock Jail to the Coosa County Historical Preservation Authority for the sum of $1.00. All members were in favor.

Mayor Windsor said the Town needed a new weedeater. One has been received from Gerald Crew for the sum of $304.45. Bill Ellison made a motion to pay this invoice. Fay McClenny seconded. All members approved.

Bill Ellison made mention that the County Dispatcher, Reuben Jackson, seems to be dispatching our policemen to a lot of out of town calls. He was concerned that the Town would be left unprotected and that the County may be taking advantage of our policemen. Mayor Windsor told him that we have always helped each other out when one or the other needed help. He also stated that our policemen were not checking for doors unlocked at night. Mayor Windsor said he would discuss this with them.

Doris Culver asked if a library board member had been found yet. Carl Jones said that they should have one by the next meeting.

Mayor Windsor made mention that the T-Ball team was requesting that bathrooms be installed at the park. Doris Culver said that had been discussed several times before and the School Board would not agree to have them installed. Bill Ellison stated he felt it would be alright if the ball clubs would be responsible for keeping them clean. No decision was made concerning this.

Doris Culver made mention that Martha Lane is bad and getting worse. Wayne told her that there were plans to resurface this summer.

The air conditioner at Town Hall was discussed. Clerk is to call Alabama Power and get a survey to determine the correct size that is needed. She is then to call and get 3 - 4 estimates on the cost of replacing the old unit.

Mayor Windsor reported to the Council that gas costs were to be increased by Municipal Gas Authority beginning August 1. The increase is to be 10%. Michael Nieman from Municipal Gas Authority will present a cost survey to the Gas Board at next month's meeting. They will determine how the 10% increase will be passed on to the gas customers.

Motion to adjourn was made by Doris Culver and seconded by Bill Ellison. All members in favor. Meeting adjourned at 7:30 p.m.
